

Grove City Christian Elementary School houses grades kindergarten through grade four. Class sizes are smaller, allowing individual attention and opportunity to make friends and become part of the Grove City Christian School family.

Your child will receive an education based on a strong foundation of academic skills. Our elementary curriculum stresses mastery in reading, writing, comprehension, math problem solving and scientific inquiry and technology. Our challenging academic program meets and exceeds state standards and is presented in an environment where Christian educators present core curriculum through a Biblical worldview.

Enrichment opportunities exist through our chapel program, computer labs, field trips and involvement in Association of Christian Schools International competitions. We also offer opportunities for classroom extensions that include art festivals, concerts, and clubs.

Parents are welcome to volunteer in your child's classroom, attend special programs, and be in close contact with your child's teachers. You will have ample opportunity to be an integral part of the learning environment. Teachers send home a weekly folder intended to communicate individual progress, as well as a weekly communication from the school office.

The safety of our facility is under constant scrutiny and we work closely with Grove City Police Department to see that it is monitored.

We welcome the opportunity to get to know your family and to answer your questions about our program and school.

Grove City Christian Intermediate School is comprised of 5th and 6th grades. Intermediate school classes are gender specific to provide the best possible environment for learning. This program was developed to ensure the highest quality of academics and spiritual development for this age group.
